Patient Medical Summary

Document ID 11 | Patient PT011

PATIENT DETAILS

Patient ID: PT011 Name: Emmanuel Barasa
DOB: 1996-04-21 Gender: Male
Document source: Patient self-upload

CLINICAL SUMMARY

Primary concern: ongoing remote monitoring and continuity of care.
Reported symptoms are stable with no emergency warning signs documented.
Medication adherence and follow-up appointment attendance should be reviewed.

CARE NOTES

Vitals reviewed against previous telehealth records.
Patient advised to continue care plan and report new symptoms promptly.
